**DRAWBACKS:-**

1: Teachers don't come regularly to take classes, and in this way students also find it boring to come to college regularly...

2: Teachers doesn't give chance to new students to take part in extra- activities, they already take previous selected students...

3: Teachers only explain the topic once, and also never explains it again to students whenever they asks them as query...

**SUGGESTIONS:-**

1: Regular classes should be taken by ALL the teachers, so that a student will not come for just 1 class in a day...

2: Teachers should ask questions in middle of the topic, so that student will not lose their attention...

3: As some students live far from college, so they cannot come everyday. In this situation teachers should keep revising the leftout part so that everyone can study completely...

You should start a little early in the beginning.

And all that: We don't have any problem with that.

Hygiene of washrooms should be a primary concern for wellbeing of everyone to prevent any UTIs.

Evaluation should be based on the content of the work done only rather than favouring one student over other.

Unnecessary rules should remove

1. Books are not available in library

2.There is no hygiene in college toilets

3.some days feeling of faced insurmountable amounts of assignment and files.

1. College teacher should co operate well in study.
- 2.take class test in every 2 weeks.

My college teacher have I any problem so she discuss my problem

The process of result declaration is too slow...  
My friend in 3rd semester has not recieved her 1st year marksheet..  
Kindly, should improve working process..  
Some teachers are arrogant and not prefer to talk to students..  
Some teachers even demotivate students on the basis of their futuristic plans..

I don't hate the college but faculties could be more friendly.. unlikely they are very strict even for the small concerns....

- 1 . There is no area where student can eat food and do a little bit of rest, the canteen is super dirty and messy.
2. The washrooms are disastrous even though it is empty or girls are not using it, it is still dirty.

3. No engaging activities, fests and competition happen which student find educating and entertaining.
4. With study other activities are also important but they are neglected.
5. student find a bit difficult to share there problems .
